

Oh, I know! I have choose the fondation named Angel Tree to give the donation money to. I have choosen this fondation because I want kids to have a wonderful christmas. I had a wonderful christmas as a kid, so other kids should have a wonderful christmas like I did. I think those kids who's moms and dads are in Jail deserve a super awesome christmas even without their parents.

For example, there is this little girl named Lilly who her parents ended up in jail for not paying their taxes, she now lives with her grand parents who can barely pay for school supplies for her, how are they going to pay for presents for her? she is only seven she don't understand why her parents aren't around everyday she lives with her grandparents. Lilly is a wonderful girl and she deserves a wonderful christmas. I want to make kids like Lilly have an amazing christmas even though they are having a rough time in life.

So you see why I have choosen the company Angel Tree to give the money to. I choosen them to make kids have a wonderful christmas. I think even without their parents they deserve a christmas like no other. I hope you agree with me, so those kids like Lilly have a fantastic christmas!
